Michigan Sports Concussing Law effective June 30, 2013: A concussion is a brain injury, caused by a blow or jolt to the head that can have serious consequences. It can occur in any sport or recreational activity. The sports concussion legislation requires all coaches, employees, volunteers and other adults involved with a youth athletic activity to complete a concussion awareness on-line training program. The organizing entity must provide educational materials on the signs/symptoms and consequences of concussions to each youth athlete and their parents/guardians and obtain a signed statement acknowledging receipt of the information for the organizing entity to keep on record. The law requires immediate removal of an athlete from physical participation in an athletic activity who is suspected of sustaining a concussion. The student must then receive written clearance from an appropriate health professional before he or she can return to physical activity. The parent & athlete concussion information sheet can be obtained at the Recreation Center at Hillside, 700 West Baseline Northville, MI 48167 or online at northvilleparksandrec.org, Michigan State Law – Public Acts 342 & 343 of 2012 can be found at: http://www.michigan.gov/mdhhs/0,5885,7-339-71548_54783_63943---,00.html
